Dear Minister

Frankston to Baxter Rail Electrification

I am writing regarding your government's release of the Frankston to Baxter Preliminary Business Case in November 2020.

I was advised by former Minister Alan Tudge that it was the government's intention to contact the Victorian State government about completing additional work.

Can you please advise if you, or your department, has contacted the Victorian State government to undertake additional work on the Preliminary Business Case or to complete a new Detailed Business Case?

I'd be grateful if you can respond at your earliest convenience.

Please do not hesitate to contact me on 9781 2333 if you need anything further.

Yours sincerely
